**Diamond Coated Grippers For A Longer
Gripping Life
And Improve Color Registration.**

2901-A Edith Blvd. NE, Albuquerque, NM. USA 87107
505-343-0600 e-mail: sales@gt-specialties.com

Recondition Hashimoto YOUR perfector grippers with a Urethane and a Diamond gripping surface. The Urethane is casted onto the gripper fingers and cured to a 90 to 92 shore hardness and the other finger is coated with 80/100 grit Industrial Diamonds that are electrolytically bonded to the gripper. Our normal time to recondition your gripper will be five to seven working days or sooner.

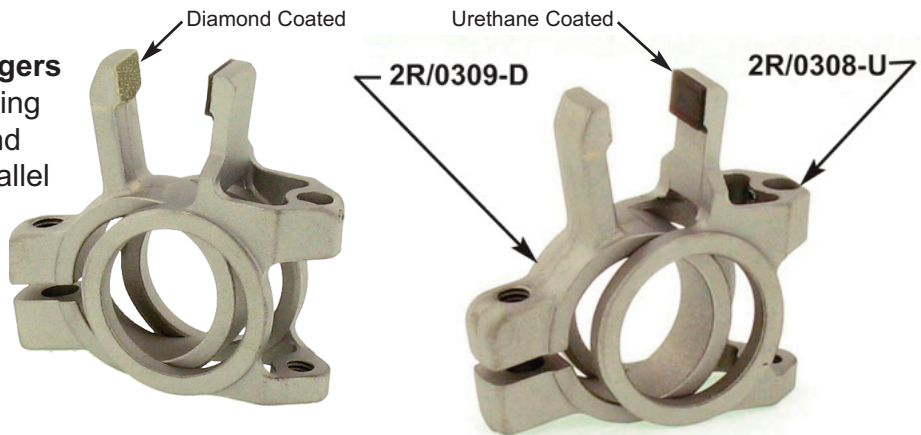

RECONDITION Hashimoto PERFECTOR GRIPPERS

Hashimoto 26" Press Perfector Fingers

We have tooling for grinding the gripping surface prior to Urethane and Diamond coating so the two surfaces close parallel to each other.

Price:

2R/-308-U \$14.50 each
2R/0309-D \$13.50
